More disciplined Republicans generally don't have such bad habits. Republican independents and Republicans support our business best. The US/world cancers/tumors, habitual terrorists, Doomsday Device, and redundant **Harris/Democratic Admins/Party/Pest Businesses and Right Wing Spy Pest Accomplices Must be Terminated through Healthy Common Sense Competitions to the Permanent Best Interests of All**

Harris/Democratic Admins/Party and Alphabet Huge Chronic Crimes

- Plagued by people of color and deplorables with defective/primitive souls that otherwise would've been born in best conditions/places/families like Trump following Universe Law of Cause & Effect. Everything they do/say are crimes/poisons killing them
- Self anti-corruption disabilities while endlessly attacking better others, therefore most criminal, corrupt, deceiving, and deadlocking only to destroy all advanced civilizations like David and Doomsday Device in movie Tomorrowland
- Promoting leaders through cancerous crimes like Trump lawsuits to back themselves or seemingly Republican/independent candidates as zombie diseases and Doomsday Device only to end the world too
- Abusing power to commit crimes at will then endlessly scapegoating Trump/Republicans/Americans united and fighting together to kill them once for all
- Deceiving/attacking me/Americans for over a decade by not officially sufficiently supporting our business and candidates first as top criminals, while oppositely deadlocking committing crimes of all kinds to endlessly rob power/money and end the world

Harris/Democratic Admins/Party and Alphabet Huge Chronic Crimes

- **Censoring our crime disclosure campaigns devastating to their survivals. The main difference between our 2nd and 1st round uncensored campaigns is their huge chronic crime disclosures after they deceive/attack us again even though we have collected majority+ votes from sample campaigns**
- **Totally crossing our red/bottom lines at this point. So we now leverage 6-3 conservative majority US Supreme Court to ban their Presidential candidates or those other than Trump or ours from ballots across the US as top priority, ban their criminal/corrupt officials from federal/state/local elections/offices or punish them. We will broadcast their huge chronic crimes to let victims kill/punish them if they resist**
- **Our class/world action lawsuit's super powerful allies include Trump, our business, Republicans, Americans, and foreigners all as their victims. With Doomsday Device candidates banned, Trump and our candidates can compete fairly legally. Our candidates can win through normal campaigns, statewide/nationwide alerts, etc. If the support is still weak, more anti-corruptions through Trump re-election are needed first. Healthy legal normal business/political competitions are always the only/best ways out**

Harris/Democratic Admins/Party and Alphabet Huge Chronic Crimes

- **Republicans are constructive competitive with solid construction and corruption-free foundation building and CEO leadership backgrounds, while Harris/Democrats are always destructive defective with endless crimes/poisons, plagiarism, and deplorables**
- **The stock market was way cooler during the first half of Trump Admin, then those criminals keep stock robberies and manipulations along with endless crimes to strengthen Doomsday Device instead of the opposite as their disabilities**
- **Top criminals/liars Harris/Walz and Hunter/Joe Biden's significantly reduced lawsuits/charges by abusing power should switch with Trump ones based on logic/truths. Their DOJ/Admins are top criminals' accomplices**
- **Deceive/attack us again by allowing 1.8 million migrants crossing yearly and mandating illegal immigrants be hired for state jobs, while Republicans always safe guard borders for Americans, Harris/Walz using federal agency to their Michigan election favor and blaming both sides instead of fixing their side first, let alone paying off all their huge chronic crimes, by at least confiscating the assets from all of most criminal/obsolete/redundant Alphabet/Apple and partially Tesla/robbing Democratic accomplices to sustainably pay for US debts or compensate victims first for instance**
- **Harris/Walz and Democrats continue their heat waves climate attacks and poison with Democrats pressing GOP on contraception while Trump/GOP already back depopulation targeting bad quality nations/regions/people to kill good quality Americans while overpopulating deplorables as always out of self anti-corruption disabilities**
- **Trump prosecutors and judges still do nothing or opposite to fruitlessly sustain Doomsday Device instead of immediately reversing their cancerous fruitless charges against Trump to effectively kill Doomsday Device**
- **Oppositely deadlockingly deceivingly endlessly attack/stop better others for not/from supporting us first. Biden/Walz poison with not pardoning Hunter/Harris same as themselves while not confiscating Alphabet/Apple to pay off debts. Committing endless huge crimes is fine and helps them win as long as not getting caught, mindsets of criminals with death penalty only**
- **Poison/attack Republicans while they never unconditionally kill themselves and pay off debts first as top criminals. All their charges and accusations against Republicans/us are crimes/poisons to oppositely fruitlessly steal more breaths. We always unconditionally kill the worst criminals to move forward**
- **Since Democrats are Doomsday Device for hundreds of years, and other candidates are weak/deceiving, Republicans win 2024 elections 100% already. Democratic businesses/Admins/Party can't deadlockingly complain or attack our campaigns to terminate them before their termination. Tumor/cancer can't help anything except for death**

Harris/Democratic Admins/Party and Alphabet Huge Chronic Crimes

- **Manipulating Republicans vs. Democrats polls to be close instead of 90+% vs 10-% in reality, similar to Microsoft dominance and defeating Apple/others into ashes or near bankruptcy during desktop computing era before and now**
- **Hunter Biden or Kamala Harris with death penalty faked tears in court to escape huge debts and huge chronic crime punishments. Biden/Walz relative claimed Joe Biden/Tim Walz never used drugs while he plagiarized and his IQ is unbelievably low as Trump/tech leaders totally agree and can't tolerate**
- **Criminally poison/attack Republicans/us again with DOJ charging Texas doctor, blaming McConnell, faking job numbers with half of them given to immigrants while not dying/paying off huge crimes/debts first, Pelosi attacking Israel PM while it's Harris/Democrats who caused/sustained wars, and Apple/Biden/Walz like dead Steve Jobs poisoning for their cancer business/Admin losing hard together with Alphabet to Microsoft soon, etc.**
- **We shall just freely kill those terminal ill criminals now to recover fast with overwhelming strengths, by broadcasting their crimes w/o our Windows all-in-one innovations on cancer free conservative/independent platforms, or impeaching Biden/Harris**
- **One step backward to Democrat hell is two step forward to their terminations and Republican+ advanced civilizations. Again everything they do/say is crime/poison to die now. Media/businesses/people supporting them shall be banned or punished. Let's see how many more crimes/poisons these terminal ill yet stubbornly criminal, greedy, calculating, retarded, lying, and shameless patients to 100% die by November can commit**
- **Tumors/cancers continue their heat wave attacks. Criminal Google faked cooperation/help again instead of business closure and paying off its debts. Retarded greedy deplorable people of color like Bragg keep harming humans only to be eliminated too. They also attacked the US Supreme Court instead of self anti-corruption/deaths first**
- **We should have partnered with Microsoft and killed Alphabet/Apple/Democratic Party peacefully constructively during the 1st Trump Admin instead of giving breaths to those tumor/cancer/pest businesses/Party for endless crimes/destruction till now. It's a very huge mistake to undo with our Admin now further depopulating foreign/Democratic pests and rebuilding America as Republicans specialties of killing rats and construction/natural lives. The US God people are indeed best quality ones. They shine by their hearts instead of any dirty tricks and will win in the end as prophesied**
- **If criminal Harris and her accomplices continue to resist, we will heavily punish them, by jailing them to deaths with all money confiscated and even assisted suicide drugs for instance. We already warned Google foreign/domestic criminal leaders**

Harris/Walz Do Prison Jobs Now or Heavily Punish All Resisting!

- We voted for Donald Trump in 2016, Trump won with no political experiences
- We voted against cancerous Bernie Sanders similar to Biden/Harris/Walz, Sanders lost elections
- We didn't vote in 2020 due to top losers Alphabet/Apple/Tesla buying Harris and committing crimes endlessly to avoid logical self anti-corruptions first till irreversible deaths
- We endorse Donald Trump again in 2024. They will win easily with our Windows all-in-one innovation marketing and crime disclosures
- We predicted that our AR/VR innovations will be widely applicable, later tech giants marketed their AR/VR products, all failed except for ours to kill Alphabet/Apple/Tesla and jail corrupt others
- After we win, Democratic Party/pest businesses as Doomsday Device for hundreds of years will be terminated so we have single conservative majority Party as our major political prediction
- We predicted that iron-fist anti-corruptions will be completed successfully, because we have best toughest most competitive and experienced conservatives, common sense majority and moderates, business leaders, and best of China/Russia/others to easily eliminate all corrupt ones
- We predicted our other major economic innovations will succeed, with relevant prototype and experiment completions, and conservatives, moderates, and business/foreign leaders' most competitive toughest leaderships, executions, experiences, and abundant resources
- **Criminal Harris/Democratic Admins/businesses only have endless huge crimes/poisons for hundreds of years losing all the way to the end. Do listed prison jobs now, or get heavily punished!**

Donald Trump/Republican Leadership

- Democrats' core equality claim is poison because those born lucky/gifted/successful suffered more through past lives/experiences as much better souls/leaders. Democratic richest/Indians are most evil/cancerous/retarded with more money/strengths for destruction and back worst Party/Admins and fruitlessly spread their cancers/crimes to JD Vance with illegal immigrant pest Indian wife
- Top 4 pests Harris, Vance, Biden/Walz, and Nadella always make loud noises to bury Americans' voices and cover up for their crimes. They are simply viruses to all be removed/quarantined
- **Harris is the worst Presidential candidate and Indian/African pest to quit/surrender first** following logic. She will always do crimes and creates hell as her true nature so must be jailed/punished if she forces Biden to resign or continues to run. Trump/we win w/o her so all her backers will be heavily punished. Her pest logic is top criminals challenging the police for not being perfect to escape penalties
- **JD Vance must be replaced now.** JD Vance is criminally forced on Trump by his kids as illegal election manipulation. Trump, Biden, and we/Americans all want Doug Burgum to be VP. We can jail/ballot ban Vance. All Indian pests must disappear and stop excessively tempting/deceiving others to commit passive crimes and hurt everyone like hell India. Vance backers will be heavily punished because Trump wins w/o him. He caused Biden to pick disastrous Harris over Whitmer who can win Democrats' votes
- Before then, our business may seek unofficial limited funding for and pursue Windows all-in-one product marketing and development, building mobile self sustainable smart facilities, and relevant employment, and keep part of business private. After our candidates win, we will finalize the deal with Microsoft. We are all set for the new pages for our business development
- **Harris and Indian/foreign pests are top criminals/threats to the US/world.** They always super proactively or excessively deadlockingly oppositely commit tons of self kill/poison crimes like hell India/Africa. American business founders carelessly let them lead, which turned out to be huge disasters, but they would never have committed those third world pest crimes based on solid lengthy business leaderships when they held top power. They will learn from huge lessons to never sympathize with or empower pests only to be simply removed or depopulated, and always empower pest free civilized competitive leaders afterwards
- **Nadella/Vance are largely backed by hell India/Modi and not US business leaders they always suppress/kidnap.** Harris, Nadella, and Vance committed Coronavirus, stock overheat, venom crimes of all kinds and can't escape penalties. We promote social democracy instead of beast/snake/pest democracy. Vance has unruly teen level political experiences, Indian illegal immigrant pest wife, and is backed by Indian occupied special interests. **Top criminal/traitor Harris is always the US/world top threat/enemy and must drop out first. 8/9 of the US Supreme Court or 90% Americans naturally backed competitive conservative moderate leadership.** Indian criminals/Vance co-existing with Harris largely quit with Harris. They do crimes only let alone business campaigns that necessitate criminals' dropout first. We must **at least elect crime free most competitive candidates** by logic

Donald Trump/Republican Leadership

- **Top criminal/pest Harris/Walz will 100% lose election. The order of dropping out should be Harris, Biden, Trump, and Vance.** Harris controlled Walz is same as Biden. Harris/Walz are much worse than Biden/Harris, let alone Trump/Vance. Harris with most overpopulated India and highest birth rate Africa origins and Mexico heroins poison with abortion. She will depopulate quality Americans and overpopulate pests and ruin everyone endlessly. **Everything she and Walz say/do are poisons/crimes again to create, maintain, or expand third world hells everywhere exactly caused by worst leaders like her excessive power grabbing and endless robbing/attacking better others. Her simple unconditional drop out naturally empowers our common sense LP or Republican leaders.** Some fake endorsing her to re-elect Trump. Trump will at least keep depopulating domestic pest businesses and people and terminate Democratic Party/Admin, much better than Harris
- **Democrats moving backwards have stubborn Indian/African/greedy brain tumors/cancers spreading around since 2012 or the party beginning.** Less competitive Linux/macOS can never defeat Windows with Indian cancer in both. Crime plagued Hillary lost election, let alone worst Harris. **Defeating top criminal Harris/Democrats by voting for Trump intending to remove VP is top priority and kills Harris/Nadella/Vance and India/Africa/Mexico elections too.** There are motorcycle accident, protests, lawsuits, and criticisms against Harris campaigns already
- **We go with Indian cancer free Windows as Republican independents win apparently. We can use our Windows all-in-one products for work and play 8+ hours daily** already in our demo use case as predicted again. Simple neck glasses holders relieving nose/ears/sides pressures help a lot as mentioned. We can eliminate Harris/Walz/Nadella/Vance backers stubborn zombies/tumors Alphabet/Apple/Tesla and Indian/foreign pests very efficiently
- **At this point, we completely move on** from left wing Democrat/India/Africa/Mexico pests and right wing India pests colluding with each other and never campaigning with or empowering us first except for stubborn opposite Doomsday Device/pest crimes/poisons as always proved. There's no way to accomplish anything before killing their elections. **Civilizations are trapped or move backwards to third world India/Africa/Mexico hell, and we never expect anything better than what the US used to be before the Obama Admin with them around. Civilizations can only move forward with them removed.** We shall file lawsuit to close Alphabet and charge Google founders and Pichai for sponsoring Harris/Democrats/Vance elections/terrorism/crimes
- Let us all endorse Donald Trump as our President candidates now. We can win with mass campaigns like emergency alerts, social media, etc. on 1) **Our Presidential candidates and Windows all-in-one innovations to defeat Harris/Walz/Vance or Alphabet/Apple/Tesla** 2) **Microsoft must replace Nadella with Spencer and our innovation ownership** 3) **Harris/Walz/Nadella/Vance all have serious Indian/African/Mexico cancers/crimes and are far left/right super rats/sharks or extremists 90% Americans naturally vote against** 4) **Harris is the worst candidate, Alphabet shall close, and Trump/Republicans win elections.**
