

# New Earth Huge Inequality Problems & Solutions

- **Minority rich/greedy businesses vs. majority businesses**
- **Minority rich/greedy individuals vs. most people**
- **Minority dictators vs. majority people**
- **Huge national debts vs. huge stock market robberies**
- **Minority rich/greedy nations vs. majority nations**
- **Minority least civilized nations vs. majority nations**
- **Minority authoritarian nations vs. majority democratic nations**
- **Minority most populated nations vs. majority nations**

1. **Leverage moderated votes from Americans and ethical foreigners holding top powers, innovation ownerships, and laws/truths, to fix the toughest chronic US/world problems easily, such as eliminating national debts, reducing power, money, and population inequalities, building New Earth, etc.**
2. **Shut down the stock market as major source of corruptions and crimes permanently**
3. **Confiscate most stocks to pay off national debts, along with overpopulation treatment, better economies, etc.**  
<https://siblisresearch.com/data/us-stock-market-value>
4. **All businesses become private**

# New Earth Huge Inequality Solutions

5. The richest or richer have \$1 billion individual wealth limit and moderate total wealth limit  
<https://www.forbes.com/real-time-billionaires>
6. Utilize part of confiscated stocks/wealth for our business projects and plans with high yields besides paying off debts
7. Aggressive planned parenthood or pervasive sterilization for India and some Africa/Asia/other nations
8. Population control targeting developing nations with planned parenthood, assisted suicides, relevant laws/funds/support, our tech platforms, etc.
9. The Democratic Party and Republican Party and their backers are like President Coin and Snow in Hunger Games and enslave/destroy the US/world for many decades. Our business is mostly conservative
10. Merge the best of two parties into the conservatives dominated **Democratic Conservative Party for unity & efficiency**. Maintain its US and global leadership or global social democracy
11. Leverage our governments/powers to mobilize, manage, and share public or private resources for innovations and growth
12. Build mobile/fixed self-sustainable smart communities of scales and diversities, which eliminates personal debts, provides full employment, minimizes New Earth relocation expenses, and eliminates bad quality businesses efficiently
13. Gradually reduce or eliminate bad quality businesses, such as greedy, expensive, unsustainable, obsolete, duplicate, or trivial ones, mainly through better economy models

## RESOURCE MOBILIZATION The Importance of Resource Mobilization

# New Earth Huge Inequality Solutions

14. **Build New Earth hard bodies** by co-leading with China to address the third world (like) infrastructure/construction in the US/India/Africa/etc.
15. **Build New Earth soft bodies** through software/apps, websites, social/AI, cultures, spirits, personalities, etc. and provide better survival or living experiences of all kinds
16. **Resource sharing of all kinds across nations, regions, and people.** Intelligently proactively identify all those rich businesses/people from the same or different but actively/passively related domains and recommend or require them to **share resources or M & A horizontally or vertically** and participate in innovative/humanity/meaningful projects

- **High gender inequality vs. gender balance**  
More female nation/business leaders and gender equality as already in place for wealthy European or democratic conservative nations
- **White people vs. black people and people of color**  
Sterilize or have/adopt good quality white kids. Provide more education/training/growth opportunities for those with potentials or good qualities
- **None English vs. English nations & cultural differences**  
English as the first language for every nation. **Global unity and democratic conservative leaderships** through our platforms
